Flashback plays a wide variety of music specializing in hits from the past. The band is comprised of 5 musicians with many years of experience performing professionally in different bands across the United States. In 2011 Flashback was formed because we still love to play the music we all grew up listening to. We have developed a large loyal following who love our music and regularly fill the venues we play.

Who is Flashback?

Maurice Wright

Maurice is a true professional musician providing strong lead vocals and guitar covering a variety of styles with ease. Maurice has played over 30 years in top notch variety bands in Denver and Albuquerque.

Michael Wilson

Mike has been actively involved in the music business for over 40 years. He is currently a member of the American Society of Composers, Authors and Publishers (ASCAP). He's been the keyboardist for several groups and played professionally for 15 years. Mike is honored to be a part of Flashback, making great music with some of the best musicians in Albuquerque.

Doug Flint

Doug began playing in bands in 1967, at age 14, back when everybody was in a band. He toured professionally in the 70's across the US from Maine to New Mexico playing the hotel circuit 6 nights a week. Doug moved to New Mexico in 1996 for better weather, green chili, and to play more music!

John Kennedy

John has been a musician all his life. A well-versed, trained musician and singer from Denver, Colorado, John has played lead guitar in many band settings featuring Rock, Country, Spanish, Pop and Jazz. John loves all kinds and varieties of music as long as it has melody and a good groove. His musical career has taken him from California throughout the Midwest, and from Montana to New Mexico.

Gary Gonzales

Gary has been playing drums for over 30 years covering a variety of styles including funk, latin, and country music. His drumming influences include Neil Peart from Rush, David Garibaldi from the band Tower of Power. Gary's drumming has always been a strong rock infusion, also being influenced by many different rock drummers of the 80's and 90's.
